DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: Claims 2, 3, and 7-9 appear to have grammatical errors. Claims 2 and 3 begin by reciting "through holes" but then switch to the singular and recite, "said through hole". Therefore, claims 2, 3, and 7-9 have been amended as follows to maintain grammatical consistency.

Claim 2, line 14, after "and wherein said", insert --through holes have inlet openings--

Claim 2, line 18, after "said inlet of said", insert --through holes face--

Claim 3, line 13, after "and wherein", insert --said through holes have an inlet--

Claim 3, line 16, after "said inlet of", insert --said through holes face a bottom--

Claim 7, line 1, after "wherein said", insert --through holes have--

Claim 8, line 1, after "wherein said", insert --through holes have--

Claim 9, line 1, after "wherein said", insert --through holes have--

Allowable Subject Matter

2. Claims 1-12 are allowed.

3. The following is an examiner's statement of reasons for allowance: Regarding claims 2 and 3, a fuel injector having a downstream plate, through holes in the plate, and a chamber formed just above the through holes, wherein the chamber is defined by a flat surface of the plate and extends substantially parallel to the plate, and wherein a diameter of the chamber is larger than a downstream end opening of an inner surface of the valve body, and wherein the through holes have inlet openings at an area outside the projected area of the downstream end opening in an axial direction, and wherein the valve body defines a depression at its downstream end for defining the chamber, is not known or suggested in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
